

# EXPERT TECHNICAL RESOURCES FOR YOUR CLIENT ENGAGEMENTS

Mirano Galijasevic, PhD (Computer Science)

*I provide boutique consulting firms with senior architecture expertise for complex client projects - when you need CTO-level firepower without a full-time hire.*

*The value is simple: I make your client engagements stronger, safer, and more successful.*

## How I Support Your Client Work

### Architecture Reviews & Remediation

- Deep technical audits of client systems
- Architecture redesign and modernization roadmaps
- Technical debt quantification and paydown plans
- **Typical engagement: 2-4 weeks**

### Client Escalations

- Senior technical presence for executive stakeholders
- CTO-level communication and strategic guidance
- Architecture authority and decision-making
- Flexible engagement models (hourly or project-based)

### Engagements Models

- Project based (fixed-scope, 2-12 weeks)
- Embedded (2-6 month)
- On-demand (hourly, as needed)

### Rescue Projects & Delivery Stabilization

- Troubled projects that need senior intervention
- Technical leadership to get delivery back on track
- Risk mitigation and architecture fixes
- **Typical engagement: 1-3 months**

### Cloud Migration & Modernization

- Azure migration strategy and execution oversight
- Legacy system modernization (without big-bang rewrites)
- DevOps transformation and CI/CD implementation
- **Typical engagement: 2-6 months**

### My Background

- 30+ years enterprise architecture (B2B SaaS, healthcare, mortgage, fintech, energy)
- Led 330+ engineers as VP of Engineering
- Built systems for Fortune 100 companies
- Expert in: Azure, .NET, microservices, AI/ML, legacy modernization

### Example Engagement

I stepped in to rescue troubled SaaS build for consulting firm's \$2M client. Stabilized delivery, redesigned architecture, restored client confidence. Project delivered successfully 6 weeks later.
